Basic format to reference standards

The basics of a Reference List entry for a standard:

- Author.
- Year (in round brackets).
- Standard title (in italics).
- Standard number.
- Place of publication.
- Publisher.
- The first line of each citation is left adjusted. Every subsequent line is indented 5-7 spaces.

Example:

Referencing standards: Examples

<table>
<thead>
<tr>
<th>Material Type</th>
<th>In-Text Example</th>
<th>Reference List Example</th>
</tr>
</thead>
</table>
